APPEAL TO THE PUBLIC

My team and our work at Sramajibi to provide low cost healthcare to the needy has been possible because of the support of many including the Route 55 team.

The unprecedented global pandemic makes our work more complex and relevant at the same time. Our facility at Serampore is now functioning as an exclusive COVID facility by order of the government. Our team of doctors, nurses and medical staff are working hand in hand with the Department of Health, WB to care for those affected.

Respiratory distress is a common symptom in those affected by COVID. As such, we are doing our best to increase our stock of ventilators and appeal to you to contribute generously to the Route 55 "One more Ventilator" fundraiser. We will use these contributions to procure this expensive life saving equipment, each costing approximately Rs. 12 Lacs.

Thanks again for your support and stay safe.

Dr. Anil K. Saha
